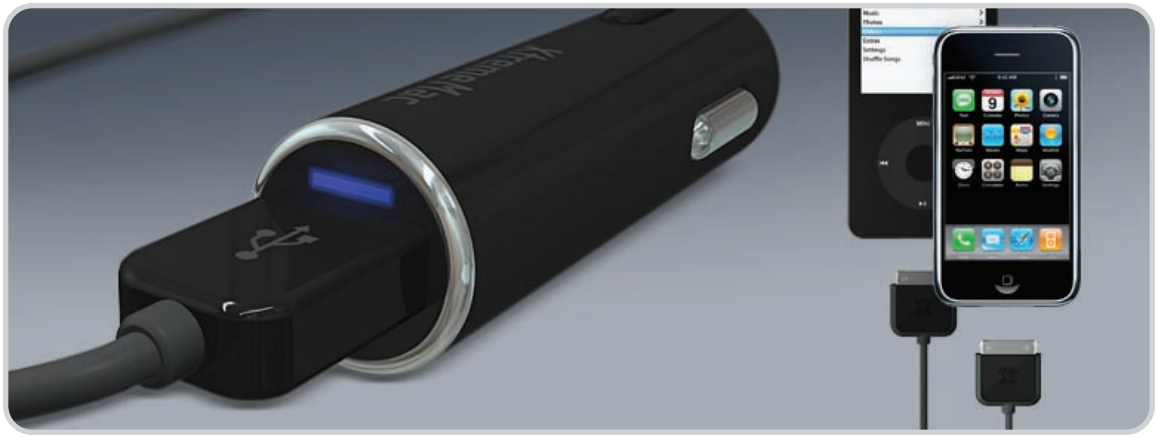
XtremeMac™

INCHARGE AUTO

Power & charge your iPhone or iPod in any vehicle

Made for iPod

Works with iPhone



Unlimited power when you're on the go.

InCharge Auto™ is designed to safely power and charge your iPhone or iPod. The official "Works with iPhone" and "Made for iPod" logos certify InCharge Auto meets the precise performance standards set for these devices.

Compatible with any 12-volt accessory outlet, InCharge Auto allows you to charge your iPhone or iPod in virtually any vehicle. The USB power cable is long enough to use while charging and detachable for use with a computer.

InCharge Auto's sleek design is packed with protective and user-friendly features. The intelligent circuitry provides maximum protection against power spikes that occur during normal vehicle operation. An LED lets you know that perfectly regulated power is being supplied and its ingenious self-resetting fuse never needs to be replaced.

Backed by our lifetime guarantee, this convenient car charger is all you need to charge your iPhone or iPod when you're on the go.

Compatible with all iPod models with dock connector
